EVANSVILLE, INDIANA

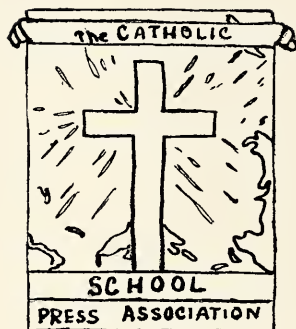

DEDICATION

Sixteen years ago the diocese of Evansville was formed. You were sent to conquer the huge task that lay ahead. Those prosperous sixteen years have seen the establishment of many new institutions dedicated to God for our further religious development. Included among these are two new high schools, innumerable parishes and grade schools, a home for the aged, and a multi-million dollar hospital. The new Sarto Retreat House especially signifies your unending love for God. In appreciation of these and of countless other services to your flock, we dedicate this yearbook to you, our shepherd, Bishop Henry J. Grimmelsman.

ADMINISTRATION

THE REVEREND ROBERT DEIG

Our superintendent is looked upon as one who is intensely interested in our achievements and accomplishments. His example has furthered our appreciation of our Catholic heritage. Through his spiritual inspiration he has given us a healthy conception of our Christian adult responsibilities. He has executed his administrative duties skillfully and in a manner of dedicated self-sacrifice.

During three years at Memorial as principal of the Boys' Department, he has made many changes for our benefit. Brother Leonardo has always been willing to listen to any of our problems, whether academic or spiritual, and to offer constructive advice. More often than not he is seen in his office "after hours" working on a matter pertaining to our welfare. He has shown us what it means to love God and to respect our fellow man.

Enthusiastic and dedicated Sister Helene is now completing her first year at Memorial. Her pleasing personality and true inner concern for the welfare of her students has made a lasting impression on everyone. As principal of the Girls' Department, she has no easy task. Nonetheless, she has had remarkable success. Her confident attitude has created an air of refinement and mutual charity. Sister has proven to be an outstanding leader and a true friend.

*God bless
you always

CALVARY

*THE MASS OFFERED BY
FATHER BROOKS, BROTHERS'
CHAPLAIN*

DEDICATION

SILVER JUBILARIAN

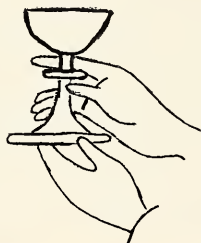

Dear Brother Regis,

Twenty-five years ago you took your first vows in the Congregation of Holy Cross. Through this you forfeited all of the worldly pleasures which others enjoy in favor of strict dedication to the service of God. Have the years been profitable? Only you can answer that. But if reward can be measured in terms of sacrifice and service, your life has been one of success and merit. You have been stationed in several different schools in these twenty-five years. At one of them you have served as principal. You have been here at Memorial for seven years teaching subjects pertaining to mathematics and science. You have given patient and qualified instruction to countless adolescents, many of whom are on their own as adults in the world today. So, congratulations, and many returns on your Silver Jubilee.

Students of Memorial

The first Mass opens the school year.

The Student Body receives Holy Communion in honor of the Sorrowful Mother.

The Living Rosary as presented by the Central Council of the Girls' Sodality.

Once again the Student Council, composed of twenty-nine students including its president Jeff Blackwell, has continued to encourage, guide, and direct the student body toward a more earnest sense of school spirit and respect for school property. Advised by its sponsor, Brother Richard Reaume, C.S.C., the Student Council has been operating in five different committees - prefecting, student trips, assemblies, parking and safety, and special activities. In 1959 the Memorial Student Council received accreditation as a member of the National Association of Student Councils. Since that time, the Student Council has done a superb job in living up to its constitution and providing competent leadership for the students.

Freshmen Joe Leuschke, Ken Mills, Roy Ryan, John Schilling, and Tom Stonecipher are briefed on an issue by senior Bill Brothers.

During the past several years here at Memorial's High School, there has been an intensified interest placed on the sciences. This interest is reflected in the students, the faculties, and the curricula. This year it was climaxed by Memorial becoming the first high school in Evansville to receive a charter from the Future Scientists of America. Through the efforts of its members, the second annual Science Fair was a grand success and many other programs of a scientific nature have been presented. Another group of school organizations which cannot be overlooked is the science clubs. Through the combined efforts of the FSA, the science clubs, and the faculty, a deeper, wider, and more thorough interest in and appreciation of science has been imparted to the students of Memorial.

A black and white photograph of a tall, lattice-structured oil derrick. The derrick is the central focus, extending from the ground to the top of the frame. It has several platforms or baskets at different heights. At the base, there are various pieces of equipment, including what looks like a large tank or container on the left, and some smaller structures and pipes on the right. The background is a clear, light-colored sky. The text "Ryan Oil Company" is superimposed over the middle of the derrick in a bold, serif font.
